

The Beer Tent Dance Battle, Dance Jam

Break It Down!

Dancers from all over the world come together to battle at the IndyFringe Beer Tent for \$300 and the title of the Indy's First Limit Breaker. This is your chance to see dances like Breaking, Popping, Locking, Voguing, Hip-hop, and all styles of street dance coming together to compete on stage in 1 vs 1 battles. We will also have our DJ spin some of the most popular songs through the ages, giving you a chance to join in on the fun. Yes, this is a dance battle, but this will also be a dance jam. There will be breaks in between each match where the audience can join the fun and dance along with dancers! (But if you'd rather watch, you absolutely can.)

The layout of the battle will be a top 16 prelim showcase, which means each dancer will showcase a 45- second round to 3 judges who will pick the 16 dancers to compete for your entertainment. This is an individual improv competition. All dancers will showcase their skills on the spot and our DJ will play music at random. This tests the dancer's ability to interpret the music through their soul. Once the top 16 are selected, each round will be bracketed up as top 16, top 8, semi-finals and finals.

Battles are always unpredictable! You never know who will win. So why not check out one of the most memorable events you will go to this year. Are you...ready to break through your limits?

Sunday, August 18
3:00 p.m. - 8:00 p.m.

This year for the IndyFringe Festival, we are pleased to announce an exciting opportunity for artists and chalk enthusiasts alike. On August 24th, we will host a Street Chalk Art Festival sponsored by St. Paul's Faith, Justice & the Arts. From 9 a.m. to 4 p.m., various artists and teams will showcase their creative chalk art skills and compete for prizes. This competition is not just for adults. We've created a space for 12 to 17 year-olds to compete and display their talents as well. Festival goers are encouraged to come throughout the day to support these artists and watch as black and white squares come to life with pops of color and dazzling designs.

IndyFringe is a strong proponent for diversity and inclusion, which makes St. Paul's Faith, Justice & the Arts' sponsorship so special. Their mission centers around the utilization of artistic collaboration and experiences to raise awareness of injustices and to empower communities to strive for peace and justice. What better to combine community and creativity than a friendly chalk art competition?

We are excited for what these artists will bring to the streets, so be sure to check out www.indyfringe.org for the designated chalk areas and see what everyone will be "chalking" about.

Saturday, August 24
9:00 a.m. - 4:00 p.m.
